On-Campus Housing Villas

The largest unit on our entire campus with
1,523 square feet.

This smaller sized Villa does not feel small at
1,369 square feet.

Benefits of Villa Living

- Easy access with ground level buildings
- Single car garage
- Laundry machines provided
- Screened in lanai
- Yard behind and around villa
- Families are given priority for Villa assignments

Villas are the ideal housing option for students with families. Their spacious floor plans provide a comfortable living arrangement for spouses and children. The garage and laundry make it easier to store items and leaves the parents more flexibility for washing clothes than in the apartments.

Other benefits of living on-campus for families is the proximity of the public park, Vineyards Elementary, the beach, and Publix.
