**DISASTER RELIEF, MOBILE MEALS, MEAL PACKING –**  
[First Baptist Church Naples, 3000 Orange Blossom Rd.:](#)

We need volunteers to muck out/clean up houses, yard debris removal, furniture/appliance removal for flooded-out homes, lay eyes on a site where we can't reach the owners, make phone calls, relocate households to new places, etc. If you are interested in helping with any of these needs, please meet us at the WHITE tent outside on the Livingston side of the church @ 9a every day except Sundays. Tell us what you want to do, and we will gather you up in teams and send you out. If you have boots, trash bags, gloves, flat shoves, sawsalls, etc., feel free to bring those with you. Bring a water bottle, lunch/snacks, sunscreen, and something to keep you cool. These efforts will be ongoing for a while. So, we will send out teams as long as there is light outside. Come on when you can even if can't make it 9a. As the days go by, email to verify that we are still sending out teams for that day.

The fund's purpose is to assist those affected and the nonprofits that support the victims in the aftermath of a crisis. It also serves to assure donors' support will reach its intended cause. Fraudulent sites pop up following a disaster or emergency that mislead donors about where their funds will go. Any funds not used for Hurricane Ian relief will be returned to the Your passion. Your Collier. Crisis & Disaster Relief Fund to ensure the Collier Community Foundation is prepared for future events that affect our community.

October 1, 2022

The moment the storm passed, first-responders, nonprofits and citizens jumped to action to help our region start to rebuild. The loss we have faced is immeasurable, but already our community's Gulfshore Strong spirit is evident. Individuals and small businesses launched supply drives and recovery efforts overnight, neighbors have set up stations to provide hot water and coffee to first-responders,

## HURRICANE IAN RESOURCE LIST

restaurants that could get operational again opened their doors with free food, and groups like Collier Community Foundation and Collaboratory are doing what they do best by assessing needs and directing our funds and energies in the right direction. We know you're eager to help, so we're gathering information on places to donate your time, treasure and talent to get Southwest Florida back to the safe, beautiful Paradise we know and love. Please note: It is still recommended that you drive as little as possible for your own safety and so recovery crews can quickly get where they need without traffic or obstructions. In many cases, donations are most valuable to nonprofits during this time.
